ABOUT HARDCASE

Established in 1992, HARDCASE INTERNATIONAL LIMITED is a family run company with a dedicated work force of 16 members of staff. Our commitment to quality and the highest level of customer service is paramount and we are extremely proud to remain a British manufacturer.

Designed and produced in the heart of England, we pride ourselves on offering one of the world's most highly recognized and in demand range of rigid plastic protective cases for drums and percussion instrumentation.

With over 150 different case specifications covering Drum Kit, Marching Band, Ethnic, Latin, Indian, Steel Pan, Samba and Orchestral percussion sectors, our products have been developed with passion & pride.

As well as our signature range of black shell case products, HARDCASE also offer 11 vibrant colour choices. There is also an option to obtain the 11 colour choices with full foam lining (please note black shell case products are not currently available with the full foam lining option).

However, the range is limited so please do not hesitate contacting us at sales@hardcase.com for further information.

All HARDCASE products are covered by a Limited Lifetime Warranty against any fault that can be deemed either as a design or manufacturing process failure (see the Warranty section).

With a comprehensive network of UK mainland and Northern Ireland high street retailer partners and 31 International Distribution agents, HARDCASE is truly a global brand and continues to grow with great success.
